

## PRIVACY POLICY

The information you give us is for church use only.

Lizella Baptist Church values you and we want to protect the information you give us which allows us to communicate with you. To that end we do not share data (including mobile opt-in data) for marketing or promotion purposes.

### Third Parties

We do not share data with third parties for marketing or promotional purposes. This would be a breach of your trust and our standards of respect and excellence.

### How to Opt Out

Text STOP to the church phone number to discontinue text messages at any time. Click manage subscriptions in the footer of emails. Update Contact Preferences section in the Member App.

### Financial Solicitations

If you receive a request for financial assistance of any type coming from a pastor, staff, or other church member that sounds phishy; it probably is. Scammers use all sorts of means to discover and manipulate social connections. Ignore it or call the church office. Always use established methods for giving to the church.

### Marketing to Church Members

The member directory is not to be used by church members to contact other church members for cold call business solicitation.

### The Purpose of Church Communication

Our church uses the information you provide to protect, care for, disciple, and communicate with you and your family according to our purpose of "being and making disciples". Community is an important part of this process, so we provide a password protected directory to adult members to help foster personal relationships. You can opt out of this at any time.

Still have a question?

Contact the church office.
